**WELCOME
TO APT
PUBLICATIONS
MEDIA KIT
2026**

Established in 1996, APT Publications publish a suite of 3 magazines. Each magazine is uniquely focused and each magazine has its own hard copy and opt in digital reader database.

EDITORIAL POLICY

APT's readers are considered our FIRST priority. We publish technical articles that offer practical, informative and highly valuable information to keep the reader abreast of technical developments in their industry. Articles authored by Engineers...for Engineers based on the actual applications and use of products and services.

Written by qualified professionals, their experience and proven reputation provides readers with reliable solutions to everyday problems. Each issue of Transmission & Distribution, Industrial Electrix and The Purchasing Directory is comprehensive in its content.

TRANSMISSION & DISTRIBUTION

focuses on the use and application of products and services across the High Voltage Electricity Supply and Energy Generation Industry of Australia, New Zealand, UK, SE Asia and South Pacific.

INDUSTRIAL ELECTRIX

focuses on the actual applications and use of products and services used within the 415V - 36kV Industrial and Manufacturing Industries.

PURCHASING DIRECTORY

commonly referred to as "The Business Search Engine of the Power Industry" encompasses the usual features, adverts and advertorials of our magazines and showcases 36+ categories of industry products and services.

EMAGAZINE

In 2010, we commenced our digital eMagazine format, hyperlinked to each advertiser's preference of website or email address. It is circulated through a registered opt in electronic database and past issues are archived online at our website at www.powertrans.com.au

2014 introduced online mediums to include Newsletters, Electronic Direct Mail (EDMs), Online Digital Media Advertising, Advertising Broadcasts and Unique Campaigns, to cross promote products and reach the industry from all angles.

APT CREATIVE STUDIO

2015 saw the introduction of the APT Creative Design Studio providing companies the ability to produce top quality flyers, business cards, posters, pull up banners and other marketing materials.

We invite your evaluation of our magazines and advertising options and look forward to discussing with you the best options to maximise your advertising ROI.

Yours sincerely,

Tyrone Gautier, Managing Director

THE ANNUAL PURCHASING DIRECTORY

[VIEW A COPY HERE](#)

Each year, the APT Publications Annual Purchasing Directory (April/May) is a bumper edition, commonly referred to as "The Business Search Engine of the Electricity Supply Industry". In addition to the usual features, adverts and advertorials of our magazines, The Annual Purchasing Directory "BUYER'S GUIDE" showcases 36+ categories of industry products and services.

The Purchasing Directory will be promoted in EVERY electronic alert for a full twelve months following publication.

The Directory's matrix layout i.e. **Suppliers** (listed across the page in alpha order) and **Products** (listed down the page in alpha order), enables easy reference.

New in 2018 was the creation of the ONLINE DIRECTORY to promote your products and services. The category listings are also profiled for the duration of the year on our website thus offering the advertiser an additional extensive twelve month showcase www.powertrans.com.au

ADVERTISING RATES

The rates for the Purchasing Directory reflect the standard advertising rates of all our magazines and no charge Advertorial options apply.

Advertisers will be allocated ONE column in all applicable categories at no charge with a minimum of a half page advert in the issue. Advertisers may purchase additional column space to cater for multiple divisions/different contact details on the same page. P.O.A.

Non-advertisers may request to purchase column space only. P.O.A. and subject to availability.

INTEGRITY OF INFORMATION

There is no limit to the number of product listings ticked by each supplier but APT requests the submission of correct information to retain the integrity of this Directory for the end-user.

NEW PRODUCT LISTINGS

Submissions for NEW product listings and/or a NEW category are invited but **must be requested in the first draft**. No additional new listings are possible after final proofs are sent. Please speak with your Account Manager if you have any further queries.

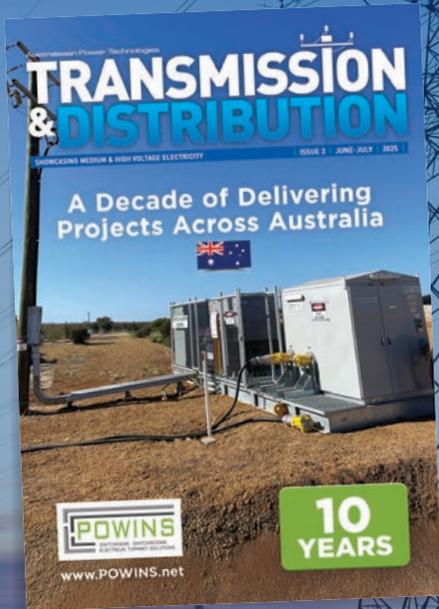

FINAL PROOFING

A PDF of the completed category pages will be emailed to all advertisers for final proofing. Advisement of required amendments have a strict deadline.

PURCHASING DIRECTORY CATEGORIES

- Arc Flash Mitigation
- Automation
- Cables High Voltage, Conductors & Fittings
- Cables Industrial & Fittings
- Cables Low Voltage & Fittings
